## Summer 2017

Inquire about our Personal Choice Activity Program (P.C.A.P.) running for its 3rd summer created for campers aged 14 - 17 yrs. Old.

Participants will be able to choose which category they would like to specialize in daily (Sequoia, Water Works, Sports Camp or Me, Myself & Art) they will also participate in daily self-esteem & leadership training programs that will be based around the campers activity choice.

## A little about us!

Many activities happen during a session at camp! From theme days that involve all campers participating in a wide variety of activities, to crazy hat lunch and backwards day, staff VS campers events, themed meals and much more.

Special Interest Program are activities that are not offered on our daily activity schedule. Campers get a chance to choose an activity to participate in, activities like yoga, self defense, and dance, sporting teams, fishing and more.

After dinner activities include a cabins choice where campers as a group can decide which activity to participate in; extra art time, swimming, nature and more. Evening program is an activity based on all campers participation ranging from activities in the woods to on our sports field.

Activities are catered to each campers individual talents and interests. Campers who have an interest in something we may not offer may still get a chance to do so, through communication with their camp staff.

The R.E.A.L. Team (Responsibility, Expression, Awareness, Leadership) provides a special employment opportunity to a small group of youngsters from Batshaw Youth and Family Services between the ages of 16 -17 yrs. Old.

The sequoia program is a program designed for returning campers with additional challenges to build self-esteem, confidence and a sense of responsibility.

Other daily activities include:

- Nature hiking and lessons, overnight camping excursions, fire building and more.
- Arts and Crafts, drama and Variety shows
- Canoeing and kayaking and sailing
- Swimming, tubing, fishing
- Basketball, volleyball, football, hockey
